

**SUPERVISOR COMMENTS**  
**SEPTEMBER 2024**  
**SIMSTWP.ORG**

**Road Re-Surfacing ...** All summer paving and striping have been completed and Foreman Dale says they have resolved all issues that he is aware of.

**Cemetery Beach Drive ...** Fifty yards of crushed asphalt were added, it was Harley Raked and holes were eliminated. The last time the driveway was repaired was seven years ago, so maybe it will hold up another seven ... Justin Davidson and crew did the work both times.

**Joint Cemetery and Transfer Station ...** Sept. 26<sup>th</sup> at 7 at Sims Hall ...

**Re-Cycling of Plastic ...** The situation we've had for months is folks are throwing their garbage in the plastics doghouse and Republic has informed us, it was so bad, one load was dumped directly into the land fill. We've handed out fliers and the situation remains about the same. Folks are in a rush, and they just don't care it seems. One solution: Eliminate plastics re-cycling and eliminate that cost and everything goes into the compactors. Those that are intent on plastic re-cycling will find other ways to re-cycle. Offer your solution/s at our joint board meeting on the 26<sup>th</sup>.

**Finale ...**We say the Pledge of Allegiance at every meeting and that flag is not just a piece of cloth, but it represents something that Russia and China and others don't have. It's tied to our Constitution and. to our freedoms and to our democratic form of governance, so don't disrespect or hold in contempt the flag or the democratic process our flag represents and the millions that gave their life for that flag and for the only process we currently have, as it can all be squandered and lost through neglect and disrespect.
